

# **American Seed Trade Association**

# **Membership Application**

## **Our Mission**

ASTA's mission is to be an effective voice of action in all matters concerning the development, marketing and free movement of seed, associated products and services throughout the world with a minimum of regulation. ASTA promotes the development of better seed to produce better crops for a better quality of life.

## What We Do

ASTA, directed by its members, is involved in nearly all issues relating to plant germplasm, focusing on three areas of industry importance: regulatory and legislative matters at international, national, and state levels; new technologies impacting all crop species; and communication and education of members and appropriate public audiences regarding science and policy issues affecting the seed industry.

# **Membership Profile**

ASTA has nearly 700 member companies. ASTA values and promotes diversity of membership, in terms of company size, products and geographic area served. Each active member is given one vote, regardless of size.

## Leadership

ASTA is driven by its membership, which is represented by an Advisory Council comprised of a 15-member Board of Directors, all living past-presidents of the association, division chairs, chairs of the International and Legislative & Legal Concerns Committees, and ASTA Representatives to the Canadian Seed Trade Association and Mexican Seed Trade Association.

## **Benefits of ASTA Membership**

## **Business Development**

- Networking opportunities at ASTA events
- Access to ASTA member directories
- Introductions to foreign seed companies and government representatives

#### **Advocacy**

- Information on public policy initiatives and actions
- Opportunities to contribute to and/or to lead policy debates on legislative and regulatory issues
- Leadership opportunities on relevant working groups and committees
- Meetings with legislators and regulators

### **Special Access & Assistance**

- · Reduced event registration fees
- Intervention in international seed movement problems
- Ability to post job openings on the ASTA website

### **Community and Information**

- Forums to connect with fellow members of the industry to discuss shared opportunities and obstacles
- Social gatherings at ASTA meetings
- Regular news about the industry via the Better Seed Bulletin
- Online communications at ASTA meetings through custom apps

### **Professional Development**

- Educational seminars about science, trade, policy and economics at ASTA events
- ASTA's Management Academy at Purdue University
- Membership in LEAD (Leadership, Education & Development) Committee
- Seed Ambassador Leadership Team (SALT)

## Membership Classification

Please choose one category in which you are applying for membership.

#### **Active Members**

*Eligibility:* Firms engaged in transactions involving seed research, development, growing or selling for planting purposes and technology delivered in or on the seed, which in these transactions acts as principals to take title to the same, shall be classified as active seed members.

#### **Definition of sales**

Active Member dues are based on the average sales of planting seed from the previous three years, including the value of:

- 1. Seed and technology delivered in or on the seed sold in the U.S.
- 2. Seed and technology delivered in or on U.S. exported seed.
- 3. Seed and technology transferred from the U.S. to affiliate companies (whether wholly- or partially-owned or under common ownership) located in other countries.
- 4. Royalties or other income received as a result of licensing or sale to others of seeds or technology delivered in or on the seed.
- 5. Income received from contracting for, producing and/or conditioning seed for others.

"Sales" as defined above shall further include the total amount of "sales" of all business entities under common ownership (whether such entities are incorporated or not and whether they are independently managed or not), unless a business entity under common ownership in its own right and pays dues based on the value of its own

"sales," provided; however, that the balance of the entity must also maintain its own membership, if it has any additional "sales" as defined above.

#### **Associate Members**

*Eligibility:* Firms marketing products other than seed or firms providing services excluding those defined for either category of Active Members, above, for use in agriculture or horticulture who have established a satisfactory reputation for trustworthy dealing in the conduct of such business and whose products or services are of such a nature that the participation of such firms shall, in the judgment of the Advisory Council, contribute substantially to the fulfillment of the purposes of the Association.

#### **Active Members (Canada and Mexico)**

Firms which meet the qualifications for Active Membership, but whose established place of business is in Canada or Mexico.

#### **Corresponding Members**

**Eligibility:** Firms which meet the qualifications for Active Membership, with the exception that their established place of business is in a country other than the United States, Canada or Mexico.

#### **Affiliate Members**

*Eligibility:* Any association or agency officially organized and operating with interest directly related to seeds but not meeting the qualifications for Active Membership. this may include, but not be limited to, state and regional trade associations, crop improvement associations and seed certifying agencies, associations of seed technologists and universities or educational institutions. Affiliate membership shall not constitute membership in the Association on the part of individual members of these organizations.

## **Division Classification**

The organizational structure of the association, ASTA's divisions and committees, enable all segments of the seed industry to prioritize what opportunities and challenges are tackled by ASTA. Divisions include: Field Crop Seed; Vegetable and Flower Seed; Forage, Turf and Conservation Seed; and Associates/Exhibitors. Broad subject committees, as well as those that are born out of a division, provide a forum for members to direct the Association."

Please select the Division(s) in which your company can be classified.
